

4th PRESS RELEASE - SIEMdig

“Social Inclusion and Emotional Maturity of the Society's youngest participants helped by digitally competent teachers”

SIEMdig Concludes with Final Meeting and LTTA in Cyprus: Empowering Teachers Through Digital Inclusion

The Erasmus+ project **SIEMdig - Social Inclusion and Emotional Maturity of the Society's youngest participants helped by digitally competent teachers** has successfully concluded its journey, marking its final stages with the **Final Transnational Project Meeting (TPM)** and the **Learning, Teaching, and Training Activity (LTTA)** held in **Nicosia, Cyprus**, in **September 2025**.

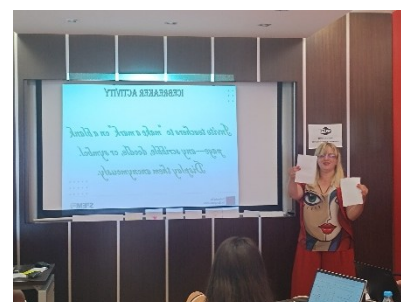

The events were **hosted by the THALES Foundation**, bringing together representatives from all partner organisations to reflect on the project's achievements, exchange experiences, and explore ways to sustain its impact beyond the project's lifetime.

Final TPM & LTTA Highlights

During the **Final TPM**, partners discussed the overall progress, evaluation outcomes, and long-term sustainability of the SIEMdig results. The **LTTA** provided hands-on training for educators, focusing on the **SIEMdig Teacher Training Modules** and practical implementation of the project's digital tools. Teachers participated in interactive sessions designed to:

- Integrate **digital storytelling** into inclusive education
- Enhance **empathy and emotional intelligence** in young learners
- Promote **collaboration with families and communities** through technology.

This event served as a meaningful conclusion to the SIEMdig journey, celebrating collaboration, innovation, and inclusion.

The SIEMdig Platform and Resources

The **SIEMdig Platform** now stands as the project's key legacy, offering free access to a variety of educational resources for teachers and schools:

- **Digital Tools Collection:** Applications and platforms supporting creativity and communication in classrooms.
- **Interactive Stories:** Digital narratives fostering empathy, tolerance, and respect among children aged 6-9.
- **Teacher Training Guide:** Comprehensive modules to enhance digital competences and inclusive teaching practices.
- **Guide for Social Inclusion:** Strategies for fostering belonging and acceptance in school communities.

These resources are now available online to educators and institutions across Europe.

 **Explore the platform:** <https://siemdig.espaiboule.eu/en>

Looking Ahead

As SIEMdig comes to an end, its outcomes will continue to inspire inclusive and digitally empowered education across Europe. The consortium remains committed to promoting social inclusion, emotional development, and innovation in early education, ensuring that teachers and learners alike continue to benefit from SIEMdig's tools and insights.

The Consortium:
